## Thank you for purchasing the atomi Smart Plug.

The atomi Smart Plug's efficient design will make your life easier and simpler to manage. Any device that you plug into the Smart Plug can be controlled through the atomi smart app.

Turn lights on and off, coffee makers, decorations and more—if you can plug it in, you can control it.

### Includes:

### Specifications

Current Tap Rating: 125V~60Hz 15A 1875W (Resistive)  
USB Input: 100-125V~50/60Hz 0.3A  
USB Output: 5VDC/2.4A Each USB Port  
Total USB Output: 2.4A max

### Before you begin

1. Know your Wi-Fi network and password.
2. Make sure your mobile device is running:
  - iPhone® 8 or higher and iOS® 8 or higher. Any previous iPhone® or iOS® may experience slower connections.
  - Android™ 4.1x or higher.
3. Make sure you're connected to a 2.4GHz Wi-Fi network (atomi smart app can't connect to 5GHz networks.)

### Plug Overview

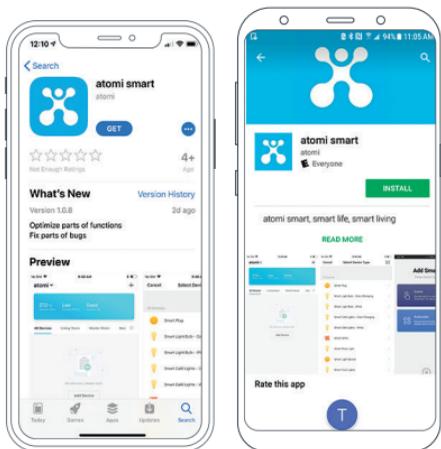

**Light Indicator**  
Flashing blue rapidly: Smart Plug is ready for setup.  
Solid blue: Smart Plug is powered on.  
No light: Smart Plug is powered off.

**Dual-USB Ports**  
Charge two USB devices at the same time. USB ports are always powered on even when the Smart Plug is turned off.

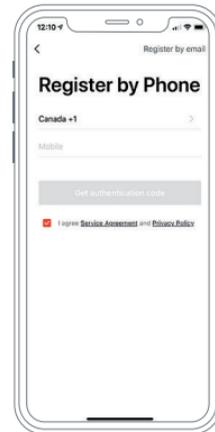

**Power Button**  
Press to manually turn Smart Plug ON/OFF.

## Step 1: Download App

Download the atomi smart app from the App Store or Google Play.

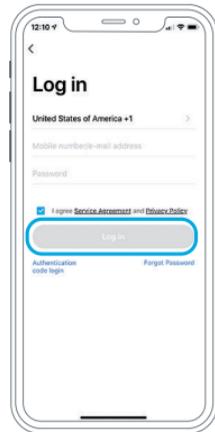

## Step 2: Register

Enter your mobile phone number or email address.

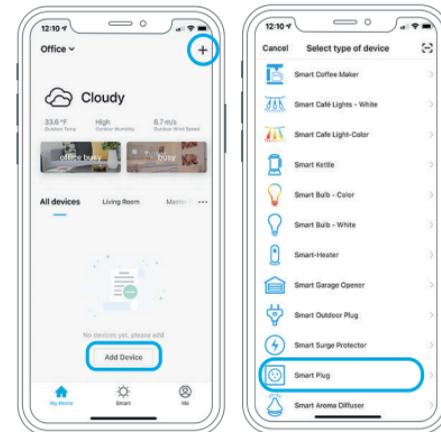

Enter the verification code and create a password.

Log into the app.

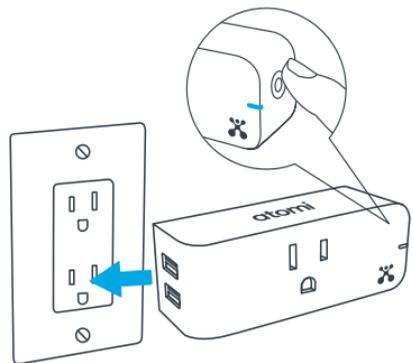

## Step 3: Add Device

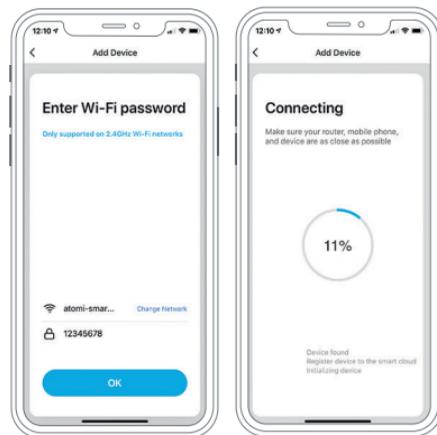

Select "Add Device" or click (+) at the top right corner of the Devices screen.

Choose "Smart Plug" from the Device list.

## Step 4: Plug In

Plug your Smart Plug into any outlet. Hold the power button for 10 seconds until the indicator light is flashing rapidly, then press "CONTINUE" in the atomi smart app.

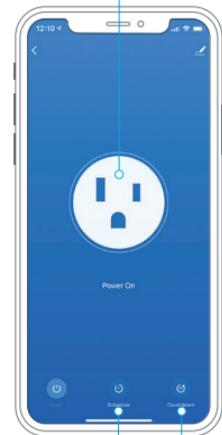

Enter your Wi-Fi network and password.

The atomi smart app will connect your device.

## Controls

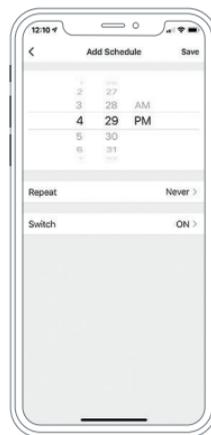

**ON/OFF**  
Press to turn the Smart Plug ON/OFF.

**Schedule**  
Set up weekly schedules that fit your lifestyle.

**Countdown**  
Set a countdown to power off the Smart Plug.

## Scheduling

Set up weekly schedules that fit your lifestyle.

## Countdown

Set a countdown to power off the Smart Plug.

## Troubleshooting

**Cannot connect to your Wi-Fi network.**  
Make sure that you have entered the correct Wi-Fi password during the Wi-Fi setup. Check if there are problems with your internet connection. If the Wi-Fi signal is too weak, reset your Wi-Fi router and try again.

**What devices can I control with the Smart Plug?**  
You can control lights, fans, humidifiers, portable heaters, and any small appliance in accordance with the Smart Plug's specifications.

**What should I do when I can't turn the devices on or off using atomi smart app?**

1. Make sure that the devices connected to the Smart Plug are turned ON.
2. Make sure that your mobile device and the Smart Plug are connected to the same network.

**I'm still having trouble!**

Wi-Fi networks come in a lot of shapes and sizes with many different quirks. It doesn't mean that your Smart Plug is malfunctioning. If the problems persist, please try these steps, in order.

1. Force quit and re-launch the atomi smart app. Check to see if this fixes the issue.
2. Unplug the Smart Plug and plug it back in. Check to see if this fixes the issue.
3. Unplug your router and plug it back in. Check to see if this fixes the issue.
4. Delete and reinstall the atomi smart app. Check to see if this fixes the issue.
5. If all of the above steps fail, restore your Smart Plug to factory settings: Unplug your Smart Plug and plug it back in. Hold the power button for 10 seconds.

**FCC Notice:**

This device complies with Part 15 of the FCC Rules. Operation is subject to the two following conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

**NOTE:**

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

**CAUTION:** Suitable for indoor use only.  
**DO NOT IMMERSE IN WATER.**  
**DO NOT EXCEED RATED CAPACITY.**
