Thank you for purchasing the atomi Smart Bulb.

Manage your household lighting from anywhere, anytime. You can turn the bulbs on and off, dim or adjust brightness, set 'wake' and 'sleep' timers all with merely a tap on your smartphone or with a simple voice command.

It's easy to set up! Just download the atomi smart app from the App Store or Google Play to get started.

Includes:

Smart Bulb White

User Manual

Specifications

Input: 100-240V~, 50/60Hz

Before you begin

1. Know your Wi-Fi network and password.
2. Make sure your mobile device is running:
 - iPhone® 8 or higher and iOS® 8 or higher. Any previous iPhone® or iOS® may experience slower connections.
 - Android™ 4.1x or higher.
3. Make sure that the light/lamp source is always turned on.
4. Make sure that you connect to a 2.4GHz Wi-Fi network (atomi smart can't connect to 5GHz networks).

Step 1: Download App

Download the atomi smart app from the App Store or Google Play.

Step 2: Register

Enter your mobile phone number or email address.

Enter the verification code and create a password.

Log into the app.

Step 3: Plug In

Install your Smart Bulb into any socket. Turn the light or lamp source on and off until it rapidly blinks.

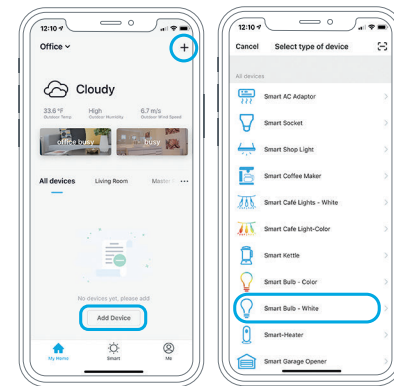

NOTE: Make sure the power switch controlling the Smart Bulb is turned off before installing.

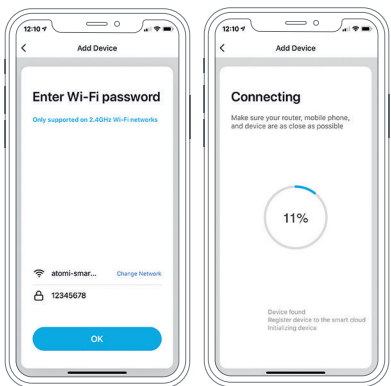

When the Smart Bulb is turned on, it will become hot as light is emitted. To avoid burning your hands, do not touch the Smart Bulb.

Step 4: Add Device

Select "Add Device" or click (+) at the top right corner of the Devices screen.

Choose "Smart Bulb White" from the Device list.

Enter your Wi-Fi network and password.

The atomi smart app will connect your device.

Controls

Brightness Indicator
Indicates Smart Bulb brightness and hue status.

Tunable Light
Adjust and control brightness and hues.

ON/OFF
Press to power Smart Bulb ON/OFF.

Schedule
Sets up weekly schedules to fit your lifestyle.

Tunable Light

Brightness
Increase or decrease bulb brightness.

Tunable White
Adjustable temperature range from warm to cool.

This Smart Bulb has an adjustable color temperature range from warm to cool shades of white, allowing you to adjust your home's lighting to suit your needs throughout the day.

Scheduling

Time
Set preferred scheduled time.

Save
Confirm and save schedule.

Repeat
Set preferred days to repeat schedule.

Switch
Set preferred state (ON/OFF).

You can set the Smart Bulbs to illuminate around your home at specific times on specific days of the week.

Troubleshooting

Cannot connect to your Wi-Fi network.

Make sure that you have entered the correct Wi-Fi password during the Wi-Fi setup. Check if there are problems with your internet connection. If the Wi-Fi signal is too weak, reset your Wi-Fi router and try again.

How to reset the Wi-Fi connection.

Continuously turn the light off and on five times until the light starts to blink.

Setup is not working properly.

1. Close all apps that are running in the background then re-open the atomi smart app.
2. Uninstall and reinstall the atomi smart app then repeat the setup process.

Smart Bulb is not responding to atomi smart app.

1. Check if Smart Bulb is turned off. If yes, turn it on and wait until Smart Bulb reconnects with the Wi-Fi network automatically.
2. Check if there are problems with your internet connection. If necessary, reset your wireless router and try again.

Smart Bulb appears to be offline.

Check the light switch and make sure that it's switched to ON. The Smart Bulb requires an "always-on" power supply to operate.

FCC Notice:

This device complies with Part 15 of the FCC Rules. Operation is subject to the two following conditions:

1. This device may not cause harmful interference.
2. This device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

CAUTION: Suitable for indoor use only.
DO NOT IMMERSE IN WATER.
DO NOT EXCEED RATED CAPACITY
