

atomi Smart®

Let's get started!

Smart WiFi
Color String Lights

Quick Start Guide

1

Get the app

Download the Atomi Smart app from the App Store or Google Play.

2

Register

Follow the on-screen instructions and register an account.

Make sure to allow access to Location (Android), Bluetooth and Local Network (iOS).

3

Plug in your Atomi Smart device

And confirm that the lights are flashing red.

If not flashing, press and hold the Power button for 10s to reset.

4

Add your Atomi Smart device

Press "Add Device" or the "+" sign and select "Go to add" on the popup that appears.

If the popup does not appear, close the app and try again. Still nothing? Read the "Troubleshooting" section on this user guide.

5

Select the right network

Enter your home WiFi name and password, then press "Continue"

Make sure you're connected to a 2.4GHz WiFi network (Atomi Smart can't connect to 5GHz networks).

Troubleshooting

Smart WiFi Color String Lights

The popup does not appear when adding a device.

Make sure that you are allowing the app to access your phone's Location (Android), Bluetooth and Local Network (iOS). For more details, visit our website's Support page.

If the popup still doesn't appear, follow the steps below.

1. Press "Add Device" or the "+" sign and select your smart device.
2. Follow the on-screen instructions (Make sure you connect to a 2.4GHz WiFi Network).

I can't find the atomi-smart-XXXX network in my WiFi list.

Make sure your Atomi Smart device is plugged in and the lights are flashing red. If not, unplug your Atomi Smart device and plug it back in to reboot.

My WiFi network doesn't appear in the Atomi Smart app.

Use your smartphone to confirm that you have at least two WiFi bars in the vicinity of your Atomi Smart device. If not, move your Atomi Smart device closer to your router. (The list will refresh every 10 seconds).

Cannot connect to my WiFi network.

Make sure that you have entered the correct WiFi password during the WiFi setup. Check if there are problems with your internet connection. If the WiFi signal is too weak, reset your WiFi router and try again.

I'm getting "Failed to Add Device", "Failed to find router" or "DHCP" error.

- Confirm that your phone is connected to a 2.4GHz WiFi network.
- Check whether the router password you entered is correct.
- Confirm that the DHCP service is enabled on your router settings.

- Make sure that your WiFi signal is strong.
- Temporarily disable your 5GHz network.
- If you have a mesh network/router that does not allow you to disable 5GHz, try to move farther away from your router until your phone moves to the 2.4GHz band.
- For more Connection Troubleshooting tips, visit atomismart.com/connection-troubleshooting/

My Atomi Smart device appears as "Unavailable" or "Offline" in the app.

Refresh the device list.

I just replaced my router.

If you replace your router, you will need to reset your devices and add them again to the app.

How to reset my device.

Press and hold the Power button for 10s. Confirm that the lights start flashing.

Safety Information

IMPORTANT:

Read all safety information and installation instructions before installing or servicing this product. Save this manual for reference.

RISK OF ELECTRIC SHOCK

- Receptacle outlets used for powering Smart String Lights shall comply with all national and local electrical codes. Consult local electrician if unsure of compliance requirements.
- For use only on GFCI protected circuits.
- Do not submerge.
- Do not use in water.
- Do not use with extension cord near water or where water may accumulate.
- Keep lamps at least 16 feet from water.
- Keep plugs and receptacles dry.
- Avoid damage to the cords and lamp assemblies during installation. Periodically inspect the Smart String Lights for physical damage or other damage caused by outdoor exposure to the elements.
- Replace any damaged Smart String Light strings.
- Do not install in locations where Smart String Lights can be stepped on.
- Ensure Smart String Lights are unplugged from power during installation.
- Smart String Lights should be installed out of the reach of children. Do not allow children to play with them.
- UL recommends testing GFCI circuits and receptacles every month to ensure proper operation.
- Do not operate without bulb securely screwed in.

RISK OF FIRE

- Smart String Lights are designed to be mounted with their individual keyhole mounting feature.
- Do not mount Smart String Lights by using the main electrical cord or the individual drop cords.
- Smart String Lights are designed to have unlimited linkability by using their electrical plugs and receptacles.
- Do not mount Smart String Lights in any position where the bulb is facing up.
- Do not allow the LED lamp assemblies to be in contact with combustible materials. LED lamp assemblies should hang freely and not be susceptible to repetitive damage caused by environmental conditions such as wind, rain, and ice.
- Not intended for installation in ceilings, soffits, cabinets, attics, or other enclosed spaces.

Still can't connect? Need assistance?
